

## The Aims of Our School

- ✚ To be a caring community in which all members will experience the love of God through one another and through prayer, worship, celebration and liturgy.
- ✚ To provide an atmosphere within the school, which encourages a commitment to learning, where high standards of effort and behaviour are expected and achieved.
- ✚ To deliver a Religious Education programme which will provide our pupils with the knowledge, skills and values of our Catholic faith.
- ✚ To be a happy place – where we can share the joys, the laughter and at times the tears.
- ✚ To deliver the National Curriculum as an entitlement to all children. We also aim to develop children's responsibility, decision-making and independence.
- ✚ Help children how to learn – how to enjoy and use the opportunities offered by school and to find in it satisfaction and a sense of achievement.
- ✚ Develop an attitude of care and concern for the environment, both locally and globally.
