

## Class Outings

During the year we will be undertaking the following visits in relation to various curriculum areas/topics. We may also undertake an additional trip/visit if the opportunity arises.

In the autumn term we will be visiting the Thames Barrier. This trip will support the children's geography topic 'water' in which children learn about the importance of clean water and investigate how it is supplied.

In the spring term to support our learning of Ancient Greece Year 5 will be visiting the British Museum. They will find out about life in ancient Athens, the events of the Olympic Games, the heroes and heroines of Greek mythology, the architecture of the Parthenon and much more!

In the summer term we will be undertaking a day trip to France. Here the children will get the chance to travel through the Channel Tunnel and experience the cultural difference that of our French neighbours have to offer.
