

Dear Year 3 Parents,

Firstly I would like to extend to you all a warm welcome to a new school year! I hope that you have all enjoyed a wonderful summer. I know that we are all looking forward to a fresh year packed full of new discoveries and adventures.

There are lots of exciting activities that I have planned for your children throughout their time in year 3.

Your children will be provided with a rich and varied curriculum that will allow them to move onwards and upwards.

I look forward to working together with you, to enable your children to receive the best possible education during their time in Year 3.

Yours sincerely,

Miss N Todd
